ADAPTATION BINGO

Observe like a scientist as you walk the zoo! Record in each square the name of one zoo animal that has the listed adaptation. See if you can get 5 in a row OR a blackout! ☺

N	C	Z	O	O
Paws with claws	Whiskers	Eyes on side of head	Feet/hands like yours	Large ears
Webbed feet	Large ears	Ears that rotate	Sharp, pointed beak	Long, thin legs
Spotted fur/skin	Long neck	FREE	Nostrils that close in water	Hooves
Flippers	Shell	Forward facing eyes	Long, thin legs	Forward facing eyes
Hooves	Wings	Large eyes	Scales	Paws with claws

Zooseum Scoring Guide Name: _____

Project Components	Points
Research Slides – Include: • External Features Slide – height, length, weight, color, body structures) • Habitat Slide – description of habitat and range • Diet Slide – what it eats (herbivore, carnivore, omnivore) and what eats it (predators) • Adaptations Slide – 4 adaptations and explanation of how each structure promotes the animal's growth, survival and reproduction • Interesting facts (3)	**/20**
Vocaroo Recording – Includes: • Your name • Name of animal • Habitat – Description of habitat and range • Adaptations – 4 adaptations and explanation of how each structure promotes the animal's growth, survival and reproduction • Favorite interesting fact	**/20**
Animal Model – Includes: • Paper mache animal head • Mounted label with animal name • Printed and mounted QR code for Vocaroo recording	**/10**
TOTAL	**/50**

Name:_____

ZOOSEUM REFLECTIONS

Favorite adaptation and why . . .	Favorite 3D structure and why . . .
Favorite fun fact (tell what animal it is)	Best part of the Zooseum and why . . .

BONUS: What about the Zooseum project was most rewarding to you personally and why?
