**Become the Best Teacher You Can Be**

---

**NSTA** National  
Science  
Teachers  
Association

[www.nsta.org](http://www.nsta.org) • 800-722-NSTA (6782)

# Members enjoy the best teaching resources, plus online and face-to-face professional development to build skills and improve performance.

- Award winning journals, grade-specific and filled with teaching strategies.
- National and regional conferences for the best face-to-face, hands-on learning across the nation—institutes, symposia, workshops, and presentations.
- Online Learning Center, with career-long professional development management tools.
- E-newsletters and listservs—stay informed and current, daily, weekly and monthly.
- Web seminars and short courses to build your science knowledge.
- NSTA books just for science educators—topical, strategic, and pedagogical.
- Your community—meet colleagues and friends, professional contacts, be involved and nurture your passion for science education.

## YOUR CHOICE OF...

*Science and Children*  
Keep current on trends, teaching techniques, science lessons, and activities for elementary teachers.  
(9 times per year)

*Science Scope*  
Find easy-to-read, activity-based articles developed and tested by teachers for middle level educators and their students.  
(9 times per year)

*The Science Teacher*  
Receive cutting-edge classroom ideas and timesaving strategies for teachers of high school science students.  
(9 times per year)

*Journal of College Science Teaching*  
Access the only scholarly journal for the teacher of science at the college level.  
(6 times per year)

## PLUS...

*NSTA Reports*  
Our quick-read newspaper covers the latest science teaching news and informs you about resources and opportunities.

NSTA's online tools let you take charge of your personal and professional growth and success:

- The core site ([www.nsta.org](http://www.nsta.org)), where members can search all archives of our journals, shop for discounted materials, register for our award-winning conferences, or catch up on current happenings in science education world-wide;
- The NSTA Learning Center (<http://learningcenter.nsta.org>), with career-long Professional Development management tools and interactive, topical courseware to build content knowledge and teaching skills;
- The NSTA Communities, at <http://communities.nsta.org>, a destination that brings together science education professionals to interact, mingle, share activities and resources, form groups, and provide and receive support and help to and from fellow educators.

"I like getting journals because I can read about what others are doing in science teaching. They are written by teachers and are in 'my language.' I also like to network and NSTA helps me do that. And the discounts are nice, too!"

Beverly Mowrer  
Sedro-Woolley High School  
Bow, WA
