

# Weather Watchers Student Sheet

As the tornado approached, how were the animals acting?

Describe the sky, the clouds?

What were some of the impacts that a tornado had on houses or different areas?

If you had to describe the weather before and during a tornado what would it be?

Before

During

Describe the wind as a hurricane approaches. How can you tell the wind is blowing?

Describe the sky, the clouds?

What are some of the things that happen to man-made items (houses, cars, etc.) during a hurricane?

If you had to explain to people the weather signs that could occur before a hurricane what would they be?

Describe what is happening as the snow is falling

Describe the sky, the clouds?

Throughout the video, you hear static and rumbling. What do you think is causing that when it hits the microphone?

In what ways does the snow in a blizzard impact people and their ability to do things?

Describe how a thunderstorm is different from rain.

Describe what thunder sounds like.

What happens to the amount of rain from the beginning to the end of the storm?

Describe the weather before the thunderstorm. What changes as the weather increases and a thunderstorm starts to occur?

Describe your observations about lightning.

Describe what the sky looks like.

What other weather could happen during a lightning storm?

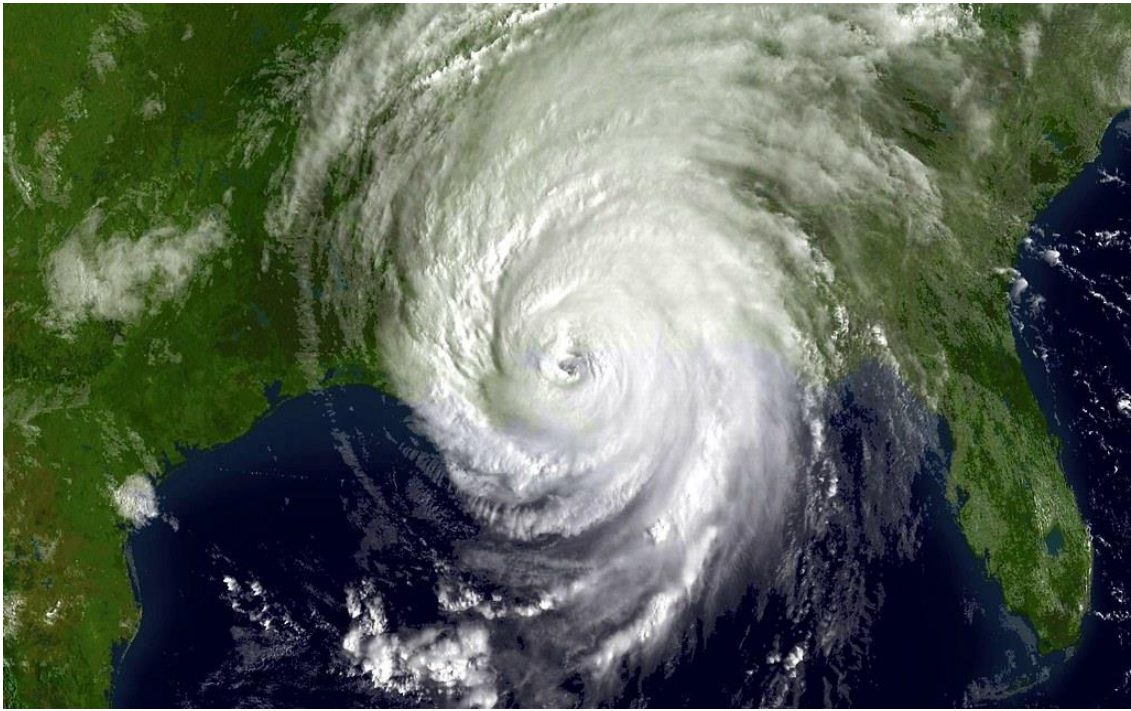

Describe what you see when lightning strikes something.

# Warning Severe Weather

Draw or sketch a picture that represents the type of severe weather you are describing in this poster.

List words or phrases that describe the weather that occurs during this event.
