

Earth's Mass

In autumn, dead leaves fall off trees. Every day, animals eliminate waste. All plants and animals eventually die. As a result, what happens to the mass of the Earth?

Check off the best response.

- A** The mass of the Earth steadily decreases.
- B** The mass of the Earth steadily increases.
- C** The mass of the Earth stays about the same.

Explain your thinking. Describe the rule or reasoning you used to select your answer.
